

Being Prepared for Your Destiny

David's God used enemies
the size of each shift in his destiny
to prepare him for it

1 Samuel 16:1-13	David was chosen and anointed for his destiny long before he entered into it
16:14-23	There was no change in David's status or duty until God started moving in other people's lives
17:28-29	David's elders were jealous of him. They made presumptuous and false accusations against him
17:40-54	A very large enemy was in the way of David's destiny
17:31-33	Established leadership showed no confidence in David's abilities and no vision for his destiny
17:34-37	David was prepared to face each enemy by his victory over previous, smaller challenges
18:6-13	Incumbent leadership stood jealously in the way of David's destiny instead of helping prepare him for it
18:14-16	David responded to the challenges against his destiny with the Spirit and wisdom of Yahweh
2 Samuel 1:1-16	David "honored his fathers" - he did not presume to harm Saul, whom he perceived to be the previous generation of God's anointing
15:1-31	David was very cautious not to hinder what was the possible next move of God when Absalom his son attempted a coup against the government of David
